

MANY MORNINGS®

Discover world's nr. 1
mismatched socks brand

Many Mornings, Many Smiles!

Many Mornings makes you smile twice each morning. Once when you put on the left sock, and once when you put on the right sock.

We want to be with you when you celebrate your life's successes, accompany you on your travels, and add a little spring to your step as you go about your day.

More than socks!

A word from our Founders

Good Mornings!

We are delighted to extend a warm greeting to you as you explore our diverse range of socks. At the heart of our mission is a commitment to elevating your everyday experiences. Whether it's through our cutting-edge designs, premium quality, or a dash of playfulness in our products, we strive to enhance your lifestyle.

Our dedicated team works tirelessly to bring you the latest trends, ensuring that each purchase with us is not just a transaction but a delightful journey. Thank you for choosing Many Mornings as your companion on this journey, and we look forward to continually exceeding your expectations.

Co-founders: Adrian and Maciek

The history of Many Mornings from my perspective

Inspired by a Dream:

The Journey to Many Mornings

Many Mornings was born from one founder's dream of the American way of life. His journey led him to socks, produced in Poland, where his cofounder's parents had run a sock factory for 35 years. Initially, colorful socks showed potential, but the market was saturated. The key to standing out? Mismatched socks—each foot with a different design, but perfectly paired. This original idea sparked the creation of Many Mornings in 2014.

Focusing on quality, sustainability, and originality, we quickly conquered the Polish market. With my expertise in socks and sales, we swiftly expanded globally, making Many Mornings the leader in colorful mismatched socks, now available in 39 countries.

Our brand also stands out through visual storytelling, featuring photos of handcrafted paper sculptures. By handling everything in-house, from design to production, we ensure exceptional quality and service.

At Many Mornings, it's not just about socks—it's about spreading joy and creativity. Our mismatched socks bring a playful spirit to everyday life, turning an ordinary item into something special. We are more than pleased to present our collection to you.

Many Mornings—#1 Worldwide, spreading smiles
Head of Business Development: Bernhard Hluszik

Many Mornings stands for the many possibilities that each new morning offers.

Date of birth: 05.11.2014
Country of birth: Poland
Nationality: Global

Our Story

Many Mornings was founded in 2014 in close proximity to Łódź, the heart of the Polish textile industry; a key production hub for the EU. Even though we are a company that started from local sewing traditions with family values at the core, our ambitions have always been global.

The brand name reflects these many ambitions and the universal situations that people encounter all over the world every morning. Many Mornings has a harmonious set of values, around which a global community is coming to life!

◀ SIMPLY THE BREAST

Our custom software, custom order completion method, and dedicated team can process and complete even the most complex order within 24 hours.

Logistics

Many companies work with third-party logistics providers, and that is understandable. It is often more cost efficient, quicker to set up, and easier to scale. However, for us at Many Mornings, we found that it was just not good enough. Those companies are shipping everything. From chairs, through candy bars, to car parts. So they are not optimized for a single product category.

That is why to be able to guarantee a 95% service level, ship to all countries within Europe in 48h, and offer the highest level of customer service we took it a step further. We build our own warehouse.

A warehouse that is optimized for one single product - socks.

Yes,
we are that fast,
and that good,
because we took
it in-house.

Our product

Production Quality

Our socks are made with care and attention to detail at every stage of production. Many Mornings guarantees that our socks will last thanks to our long-term partnerships with key suppliers. We never compromise on quality.

Creative Design

We don't do fast fashion. Instead, we release around ~25 carefully selected original designs a year, each crafted with the utmost attention to detail and artistic creativity, while keeping material composition and technological feasibility in mind.

Less Waste

We hate waste! Not every pair of socks we produce comes out perfect. Minor defects or tiny holes mean they can't be sold—but that doesn't mean they can't bring joy. Using these socks and leftover knitting thread, we create Sock Monkeys: adorable stuffed toys that bring smiles to children in need.

Our Responsibility

From day one, we've set ourselves socially responsible goals. Strong CSR supports the credibility of our brand's mission and the integrity of our value system. As part of our strategic activities, we care for our employees, our product, and our impact. We take responsibility for the environment and the political reality we live in, but above all, we run our signature social responsibility program: SHARE A PAIR!

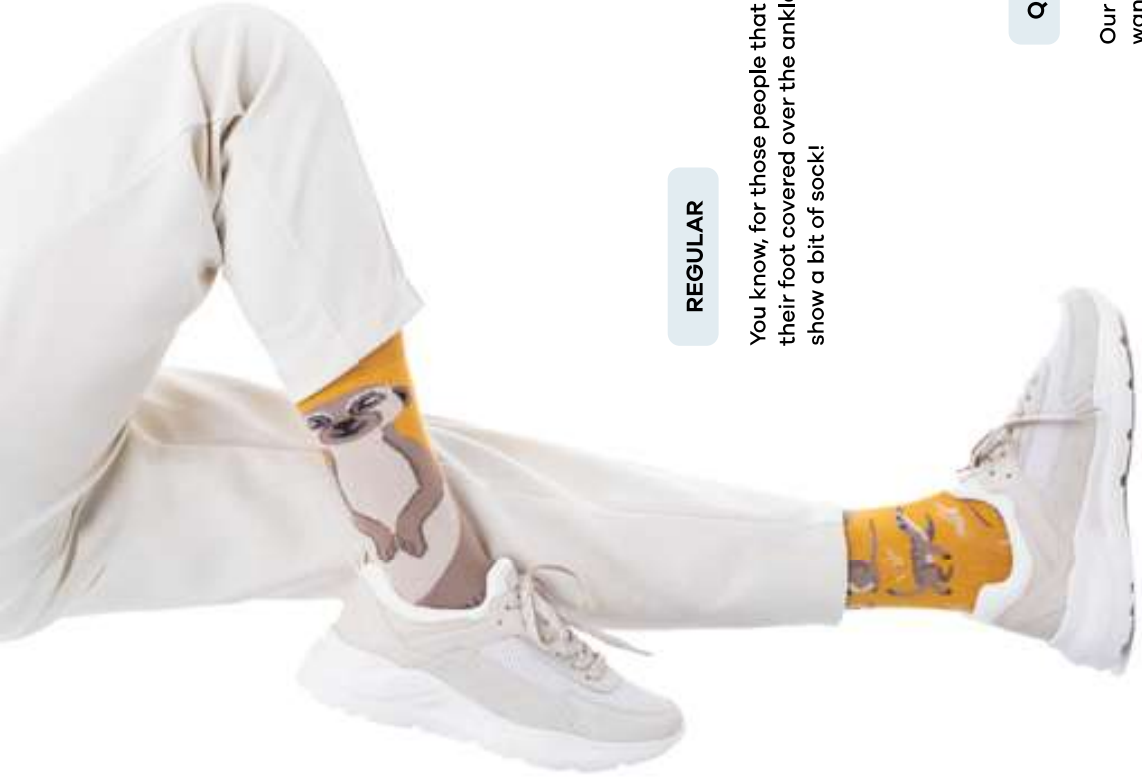

SHARE A PAIR! was established in 2014, in the first year of the company's existence and initially took the form of donating socks to charity.

Now, with the growth of Many Mornings, the ambitions of the program have increased as well.

Through social initiatives and donations, our purpose is to work for the benefit of the community and the environment while creating a positive impact. Today, we involve our colorful community in many actions, and each year we allocate over €44,000 to NGOs and social causes. We work for a diverse society, counteract exclusion, support pro-environmental movements and integrate communities.

Let's share a pair - together!

REGULAR

You know, for those people that like to have their foot covered over the ankle, and like to show a bit of sock!

QUARTERS

Our latest innovation: Turns out some people want a sock just a bit shorter than regular, but longer than sneakers.

You want it? You got it!

Types of socks

LOW

If you like to have a sock that ends just above the shoe, for a more summery feel, this is the type to go for.

KIDS

Which parent does not want to have matching socks with their kid? Every parent does. Which is why we offer a wide range of kids designs for that family feel.

Custom Sock Partnerships

Partner with us to develop a pair of custom mismatched socks that will perfectly fit your product or brand.

Over the years, we have completed over 100 such partnerships, and each year we add a few more to our roster. Here are some examples of our most successful partnerships:

Three pairs of Christmas socks for their Christmas activation.

FERRERO

Every year, since 2021, we have created a unique sock design that you can only win by participating in the Christmas lottery.

NESCAFÉ®

For this unique 3 in 1 product, we made a pair of 3 socks in one set, instead of the regular 2 socks in one pair.

For Electrolux, we created a washing machine-inspired gift set, including a box and socks available in male, female, and kids' sizes, designed specifically for employees' families.

Our Brand Hero(es)

Not all brand heroes can say they are as great as our Monkeys. Why are our Monkeys so great? Well, for a few reasons:

DID YOU KNOW?

Every year, our companies and partners come together to help sew Monkey templates into ready-made stuffed animals. If you'd like to join this effort, please reach out—we'd love to explore how we can collaborate.

ZERO WASTE

Our Monkeys are made from leftover threads and socks with minor defects that couldn't be sold. It's how we give our socks a second life!

ENCOURAGING SENIOR PARTICIPATION

Before becoming stuffed Monkeys, templates of the Monkeys need to be created. This is done by a lovely group of seniors. They get to spend time with their friends while doing something meaningful at the same time.

BRINGING A SMILE TO THOSE IN NEED

Throughout the year, and with a big finale at Christmas, we distribute over 1,000 Monkeys to children in hospitals in partnership with Dr.Clown. These Monkeys bring joy and smiles to kids who, for various reasons, have to spend Christmas in the hospital.

Get in touch

Many Mornings has grown into a big happy sock family with customers, and consumers all around the world. But we are always looking for exciting partnerships to make an even more meaningful impact.
